SO WHAT

The campaign has climbed an escalation ladder from military targets to economic targets (Aramco, Yanbu), then to symbolic targets (the Mukhtam power station the Prophet's Mosque), and now to civilian aviation and the capital. King Khalid International Airport has been hit or targeted on 3 Sep, 5, 9, 11 and 13 Oct; the 13 Oct strike closed it indefinitely. On the evening of 11 Oct GACA confirmed a further attack on Dammam's King Fahd International Airport. Each new target type has required the kingdom more than the military one. Read more.
