3 Riyadh still hottest, GCC welcomes UN Security Council stance, as new storm hits Turkey

Riyadh — Riyadh recorded the highest temperature across the Gulf on Sunday, 12 October 2025, as the region's summer heat showed no sign of easing. The Saudi capital reached 41°C (106°F) at 3:00 p.m. local time, according to the National Center of Meteorology (NCM). Dammam and Al Ahsa followed closely at 40°C, while Jeddah and Yanbu recorded 38°C. Abha, in the southwest highlands, was the coolest major city at 24°C.

Dubai — Dubai's aviation hub handled 3.8 million passengers in September 2025, a 6.2% increase on the same month last year, as the emirate's airports continued to recover from the pandemic-era slump. Dubai International (DXB) saw 3.1 million travellers pass through its terminals, while Al Maktoum International (DWC) handled 700,000.

Muscat — Oman's Civil Aviation Authority has ordered the immediate grounding of all Boeing 737 MAX aircraft operated by Salam Air, following a series of technical incidents that raised concerns about the carrier's maintenance practices. The decision, announced on Tuesday, 14 October 2025, affects 12 aircraft in the airline's fleet.

Doha — Qatar Airways has ordered 50 Airbus A321XLR aircraft in a deal worth $12.8 billion at list prices, the airline's chief executive said on Monday, 13 October 2025. The order, placed at the Dubai Airshow, is the largest single-type narrowbody commitment in the carrier's history.

Kuwait City — Kuwait Airways has ordered 10 Airbus A350-1000 aircraft in a deal worth $4.2 billion at list prices, the carrier's chief executive said on Monday, 13 October 2025. The order, placed at the Dubai Airshow, will replace the airline's ageing Boeing 777-300ER fleet.

Riyadh — Saudi Arabia's Public Investment Fund has committed $40 billion to a new sovereign wealth fund dedicated to artificial intelligence, the kingdom's finance minister said on Tuesday, 14 October 2025. The fund, which will be headquartered in Riyadh, aims to build domestic capacity in AI infrastructure, talent and applications
